EDUCATION

Rensselaer Polytechnic Institute, Troy, NY   Expected: May 2023
Bachelor of Science in Computer Science   GPA: 3.55

PROJECTS

OpenCircuits   OpenCircuits.io   Spring 2020 - Summer 2021
- ► Worked in a team to enhance the mobile experience, ensuring that the project was completed smoothly and successfully
- ► Oversaw the production and implementation of an "Undo" and "Redo" functionality within the app
- ► Redesigned a mobile-friendly interface, improving clarity.

HASSPathways   HASSPathways.Netlify.App/   Summer 2021
- ► Refactored and enforced code structure for future developers.

Pomall   Pomall.xyz   Spring 2020
- ► Designed and built a Pomodoro Timer with React.js to aid in time management.
- ► Utilized Youtube API to create a music player to aid in studying.

Sammei   Sammei.me   Spring 2020 - Present
- ► Created a digital portfolio showcasing works utilizing React.js

---

ACTIVITIES

Rensselaer Center for Open Source   Feb. 2020 - Present

- ► Assisted in building the OpenCircuits Project

Coding && Community   Sept. 2019 - Dec. 2019

- ► Assisted in designing lectures for students interested in learning Python.

RELEVANT COURSEWORK

- ► Data Structures, Foundations of Computer Science
- ► Introduction to Algorithms, Principles of Software
- ► Computer Organization, Operating Systems
- ► Software Design and Documentation

SKILLS

- ► Javascript, Node.js, React.js, Vue.js, Git, HTML & CSS, Excel, LaTeX, Python
